

Hygiene Measures "School Psychology – School Health Services"

Both for your protection and ours, please follow the guidelines below when you arrive at the school psychology counselling services for your scheduled appointment:

Please arrive on time for your scheduled appointments (neither early nor late). Appointments are scheduled in staggered intervals to avoid crowding on the premises.

If you experience any symptoms of illness please reschedule your appointment either by telephone or by e-mail.

If possible please arrive for your appointment with your child only (without siblings or other family members).

After arriving at our counselling services, please wash your hands and/or disinfect them.

Please wear a mask when you come to the school psychology counselling services.
Wearing a mask is mandatory for all individuals in the building.

During any diagnostic assessment the accompanying person is asked to leave the room when possible.

Thank you for your understanding and compliance!
